DECISION ON PETITION
TO ACCEPT COLOR
DRAWINGS

This is a decision on the petition under 37 C.F.R. § 1.84(a)(2), filed May 13, 2004, requesting acceptance of color drawings/photographs.

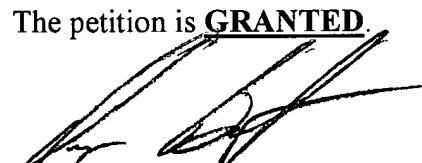

The petition requests that the color drawings, although not specifically identified but noted as, figures 3-22b be accepted in lieu of black and white drawings.

A grantable petition under 37 C.F.R. § 1.84(a)(2) must be accompanied by a fee set forth under 37 C.F.R. § 1.17(h), three (3) sets of the color drawings in question, a black and white photocopy of said drawings, and the specification must contain, or be amended to contain, the following language as the first paragraph in that portion of the specification relating to the brief description of the drawings:

"The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee."

The petition was filed with the required fee and 3 (three) sets of color drawings/photographs of figures 3-22b. The subject petition also contained a proposed amendment to the specification which reflects the required notification described above.

The petition is GRANTED.
